SUBJECT: FY2001 Shot Reimbursement Rate

As mandated by United States Department of Agriculture (USDA), we have completed our annual cost per shot study based on actual cost information submitted in local agency WISE reports for April 2000. This letter serves as official notification of the rate change. The cost per shot study resulted in a new rate of \$5.07 per shot, which will be effective for the FY2001 contract period beginning October 2000. The new rate replaces the \$5.86 rate stated in your FY2001 WIC contract. Per the terms stated in your FY2001 contract, you have thirty (30) days from the date of this letter to provide written notice to us if you intend to terminate your contract.

If you have any questions regarding this notification, contact Katie Harrell, WIC Financial Manager, at 512-458-7111, extension 3447.
